PULASKI HEAD START

Contact Felicia Ba at 994-5740

Sprucing up of our front entrance way. Possibly some shrubs on both sides of the stairs, etc. We have morning glory that has overcome everything out there. While it's pretty, it is out of control. It grows all the way up both sides of the stair rails. Maybe it could be relocated to the back parking lot corner fence area next to the tennis court.

Also the Family/Health Advocate office downstairs needs to be painted.
