The NRV Food Assistance Directory

2023-2024

Connecting community members to food assistance programs

This directory contains the details of food assistance programs across the New River Valley in the counties of Floyd, Giles, Montgomery, and Pulaski as well as the city of Radford. We hope that community members seeking food assistance find it to be a useful resource to get connected to the assistance they need. The information in this directory was collected in spring 2023 and it is possible that it may have changed. We recommend contacting the program ahead of time to ensure you have the most up-to-date information.

What information is in this directory?

The directory is organized alphabetically with section for each county as well as the city of Radford. We list several details for each program, including whether the program has more than one food assistance initiative. Please see below for an example entry and the details on what each section means. **If a program's listing is highlighted in gray (like the one below), that means anyone in need is eligible to utilize one or more of their programs.**
